

Love to Ski Club Covid-19 Policy

Love to Ski Club has made the decision to protect the health of everyone involved and we are requiring that all club members, guests, instructors and staff will need to provide proof of vaccination against Covid 19 in order to participate in any Love to Ski Club events. All Love to Ski Club members will be required to follow all covid policies and protocols implemented by Love to Ski Club, the ski areas we visit and provincial and local health authorities. Masks will be required on all our buses and in our lessons unless you can maintain a social distance from others in the class.

It is a requirement by all private ski clubs that we go to that any guests on their property for any activities show proof of vaccination. Your personal vaccine status information and any supporting documentation will be kept confidential and Love to Ski Club will only retain proof of vaccination for as long as it is required to ensure effective implementation of this policy. An individual's vaccination status is personal information that is not shared or disclosed outside the scope of a limited number of authorized persons, and even then, only for the limited purposes of implementing the policy.

Covid-19 Cancellation

We do not anticipate any Covid related shut-downs this season but in the event that there is an interruption to the program we have planned accordingly. If we have to cancel our ski days due to government shut down, restrictions, or in the interest of club members safety we will refund a prorated cost of our buses and lessons to all qualifying members less a nominal administrative fee.
